

The community of building trades and the sport of hunting has lost one of their own. On May 27, 2020, Glenn Bonin (56) of Derby passed away after battling cancer for two years. Glenn was an avid, skilled, and passionate hunter. His dedication to the sport was unsurpassed, and very few hunters can claim to reach his level of expertise! He also possessed an intensity and quality of workmanship rarely matched in the building trades. He was "one of the good ones."

Glenn was born to Angela (Brien) and Gerard Bonin on January 31, 1964. He arrived on his Mother's birthday, making that date extra special for her from that year on. He was the brother of four sisters and is survived by: Jeanne Bonin and Dan Beloin, Sue Fish and Byron, Mona Bonin and Jamie Forde, and Patti Ricker and Steve. He was a much-loved uncle to several nieces and nephews: Rachel Spates, Emily Spates, Sarah Spates, Jennifer Deuso, John Mattson, Allison Routhier and Parker Ricker. Not to be left out is his furry companion of many years, his beloved dog Sasha. Being the only boy, of course he was not spoiled. Ask any of his sisters.
